GROUP MEMBERS: AN NGUYEN, ZACH DIAZ, BRYAN NG

SUMMARY STATEMENT

SUMMARY STATEMENT:

Our Aeronautics Informations Center (A . I . C .), is a website mainly devoted to students with an inquiring mind for the cosmos. In it, users will find various elements such as: a “Home” tab, an “I.S.S. Locations” tab, and an “Astronauts” tab. Each tab, when clicked on connects the user to different links that further explores their respective topics relating to N.A.S.A. The “Home” tab takes users back to the website’s main page, the “I.S.S. Locations” tab takes users to a page that determines the current and past locations that the I.S.S. resides at during its orbit in space, and the “Astronauts” tab consists of the profiles of the six astronauts who are currently in space. The website’s purpose is to hopefully provide its users with a simple and quick way to familiarize themselves with N.A.S.A-related topics.

COLOR SCHEMES

THE MAIN COLORS USED IN THE PROJECT WERE RED, WHITE, BLUE, AND BLACK IN ORDER TO MATCH THE COLORS OF THE FAMOUS N.A.S.A. LOGO. THESE COLORS ARE ALSO VERY BOLD, WHICH ADDS TO THE WEBSITE'S AESTHETICS FOR A SIMPLE BACKGROUND.

TIMELINE

These are the deadlines, which are roughly estimates of when specific elements of our website should be finished:

- **11/27/17 - Bryan should be finished with styling our website's fonts, colors and pictures, while Zach should be focusing on finishing the code for our "Astronauts" page. Meanwhile, I am finishing up writing the design deliverables.**
 - **11/30/17 - The group plans to meet up at the school library in order to discuss/contribute ideas that may increase accessibility when using the website.**
 - **12/4/17 -The group should be putting the finishing touches on our website; Zach with coding the "astronauts" and "home" page, Bryan with the CSS adjustments and I should be finishing up the "I.S.S. Locations" coding, along with helping Bryan tweak his CSS codes.**
 - **12/4/17 - 12/11/17 — The group, at this point, should be 95% finished with our website. Now is the time to ask you about any adjustments that would help the website perform smoothly, as well as seeing if there are any aesthetic imperfections we can adjust and fix.**
 - **12/19/17 - Present!**
