

Vladimir Script

Vladimir Script is a language that has very bad Kerning issues and also runs into the problem of not being very easy to read off of a computer screen and is best used for big lettering for wedding and fancy invitations. The letters have very long and flashy serifs.

STENCIL

STENCIL IS A LANGUAGE BEST USED FOR SIGNS. THE SERIFS FOR STENCIL ALTHOUGH VERY SMALL GIVE THE LETTERS A POP TO THEM MAKING THEM EASY TO READ. THE LANGUAGE BEING IN ALL CAPITAL GIVE IT A SCREAMING EFFECT THAT GETS IT'S READER'S ATTENTION.

ALGERIAN

ALGERIAN HAS A VERY UNIQUE LOOK EACH LETTER VARYING IN THICKNESS LIKE IN THE ARM OF THE "R" AND THE RIGHT BEND IN THE CROSSBAR.
