

ALGERIAN

THIS IS FONTS CAN BE USED IN NEWSPAPER AND ALSO INVITATIONS. IT CAN BE HARD TO READ BECAUSE OF ITS FANCY "DESIGN" AND ALSO THE MULTIPLE LINES IN EACH LETTER. SOMETHING I ALSO NOTICE ABOUT THIS FONT IS THAT IT'S ALL UPPER CASE AND LOWER CASE WHICH IS GOOD FOR GETTING PEOPLES ATTENTION RIGHT AWAY. THIS I BELIEVE IS A SERIF FONT.

Brush script std

Brush script I absolutely love because I like cursive and write in cursive. The cleanliness of it and how it can be used in a lot of things. This font should be used more often simply because it's so elegant. This is a san serif font that I believe should be used more and taught to a lot of people. It has nice ligatures that makes it very easy to read and understand.

Times New Roman

Times new roman, although it sounds and looks boring, it is quite special. It is simple to read and understand without going absolutely insane over it. An average person understand. All thanks to its ligature.
