# Idea 1

Text based game in web browser

Pasta Mafia Accountant

Launder Money for Pasta Mafia and try not to get sauced

API Currency and Random Name Generator ++

# Pasta Mafia Accountant Story Abstract

The player is a Accountant that goes by the codename The Nigerian Prince(ss). They are hired by The Pastaelly Family and their goons. They have to avoid getting sauced, steamed, or stirred by Pastaellys. If the accountant loses money or steals they risk the chance of being cooked. Prepared to be on the edge of your seat from laughing or raging.

# Framework

1. For this project we will be using some javascript libraries and the apis.
2. Text based game that will be on html pages.
3. The choices will have a point system that determines your ending.
4. Transferring money using the currency system can cause losses or gains
5. Name generator will be Pasta + Mafia name.
