# BLOCK DIAGRAM

# PERSONA: JOHNNY BRAVO

Johnny is 12 years old. He enjoys playing video games with his friends after school. Johnny is in the 6<sup>th</sup> grade and does his homework before hanging out with his friends. Johnny is a big Pokémon fan. He has loved the games since first introduced to them a few years ago. Although Johnny loves playing the main line Pokémon games on his Nintendo 3DS, Johnny also wants to try out new teams without capturing and training them. Pokémon: The Journey allows Johnny to customize the move sets, IV and EV values of the Pokémon in order to perfect his battle team.

# PERSONA: JIMMY NEUTRON

Jimmy is a 28 year old man. He is a software developer working for a large company. Johnny is married, has friends he hangs out with on the weekend and a 2 year old child. Jimmy does not have time to play video games as much as he once did to check and breed Pokémon. Pokémon: the Journey, allows Jimmy to look at statistics to breed better Pokémon.

# PERSONA: JANET JACKSON

Janet is a 20 year old, Twitch streamer and part time college student. Janet loves gaming. She is a fan of the Pokémon series, all other Nintendo intellectual properties, Kingdom Hearts, Dark Souls as well as many other series. Janet streams all of her favorite games on Twitch. While streaming Pokémon, Janet does have time to test battle teams without her Twitch chat spamming Kappa. Pokémon: The Journey allows her to bring great teams into battle for the start
